alisun **V200**

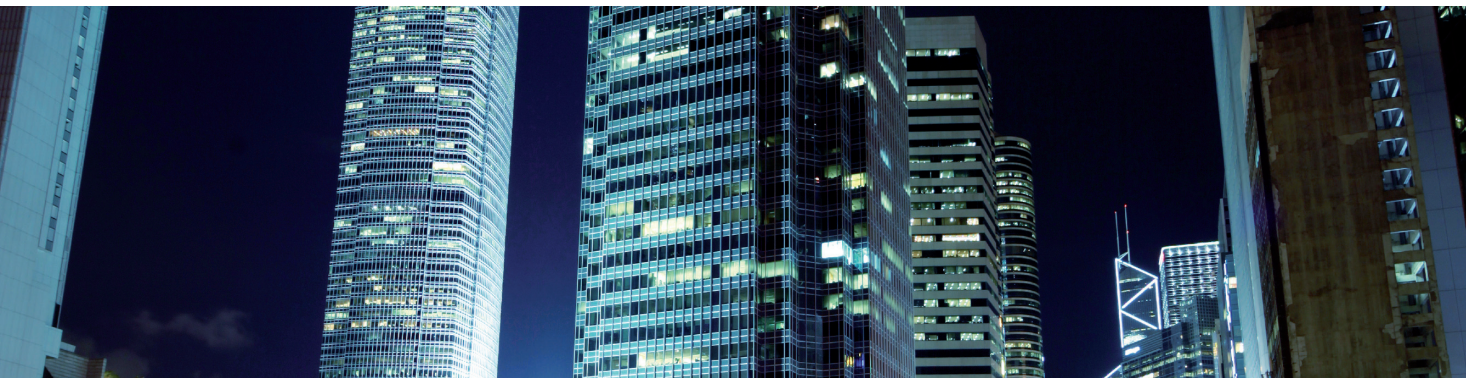

Who ever said you need high voltage for excellent tanning results clearly has never seen the Alisun V200. A compact yet powerful vertical with a stunning design. The combination of 24 extra strong 160W lamps with mirror reflectors results in an optimal bronzing experience. No need for difficult and expensive electrical installations. Just plug it in and you're ready to offer your customers an extraordinary experience.

Keep it simple. Keep it 230V!

The V200 is the only 230 Volt vertical tanning unit on the market today that delivers such an incredible user experience. No other machine offers this quality at this price. The V200 has a very low power consumption and only needs a simple 230V socket to deliver great tanning results.
